CULLMANN
perfectly equipped

Deluxe Monopod “Profi”

Cullmann designed Monopods provide quick, easy set-up and take down support for action shots, backpack photography, or any other shooting situation where space, size or portability is a criteria.

Monopods are popular with nature and sports photographers to steady their heavy telephoto lenses. This monopod is “perfectly equipped” for that purpose and more! This monopod is equipped with a fluid 2-way tripod head and a Quick Release mount plate. This Monopod can also be used as an additional microphone or light stand by using the innovative “concealed” foot.

- With fluid 2-way tripod Head and Quick-Release-system.
- 3 integrated feet “concealed” in the base for additional stability or use as a light or microphone stand
- 54 cm to 158 cm
- Closed 22” – extends to 62”
- Load capacity: 2.5 kg
- Weight: 810 g or 29 ounces

Precision Engineered in Germany
