“TOURING SET”

The Perfect Outdoor Survival Set

Cat. No. CU- 1001

Includes all the items needed for those ‘Hard to Capture’ shots. This 5 piece kit is perfect for all still and video applications, when shooting on any ground, from any angle, from any position. Extremely quick to set up, each accessory included in the set can be used either by itself, or in conjunction with any of the other accessories. This is a ‘must have’ for any nature or outdoor photographer.

- **Set includes:**
- a 4 section compact **Tripod** with removable ball head
- an innovative **Universal Clamp** that will securely hold your camera to round, square or even irregular shaped objects
- a **Suction Cup** mount that will work on glass or any smooth surface and hold up to 6 lbs
 - Great for mounting your digital SLR or video camera in the car
- a **Ball and Socket head**, which can be affixed to any of the attachments
- a **Ground Spike** and **Wood Screw** connectors

Cat. No. CU- 1002

The heart of the set is this sturdy 4 section tripod. It has a removable center column which can be reversed for shooting close up. A removable ball head is mounted on top of the tripod.

Cat. No. CU- 1003

The Suction Mount gives a safe and sure grip on any smooth surface, such as glass, marble, metal, plastic or the car window. The ball head can handle up to 6 lbs.

Cat. No. CU- 1004

The Universal Clamp ensures secure mounting to round, square or irregularly shaped objects, such as tree limbs or fence posts.

Cat. No. CU- 1005

The Woodscrew can be screwed into beams, fence posts, logs and tree stumps.

Cat. No. CU- 1006

The Ground Spike can easily be pushed into any ground surface. It can also be used with the ball head to position your camera or camcorder.
