The Modular Attachment System

Bag Attachment System

M-ROCK's modular system is fun, easy to use and double secure! Any one of M-ROCK's three style #B bags will attach to the left and right sides of all of M-ROCK's SLR bags, backpacks and Modular Belt with a double 'Velcro & Web Arm' attachment design. Increasing or decreasing the carrying capacity of your M-ROCK camera bag is a breeze and because it appeals to all levels of photographers you will find that the M-ROCK Modular Attachment System sells in greater numbers than the competitors.

Any one of these

#505, 506 & 507

attach to any one of these

#510, 511, 512, 514, 515, 516, 517, 518, 519, 523, 524, 527, 528 & 530

Fanny Pack Belt Attachment System

The Modular Belt slides through the belt loop and Velcro's in behind M-ROCK's SLR Bags, quickly converting them into a comfortable fanny pack. Attach one or both of the shoulder straps to the D-rings on the back of M-ROCK's SLR bags for extra support with the Modular Belt.

The Modular Belt #530 attaches behind

any one of these M-ROCK SLR bags #510, 511, 512, 514, 515, 516, 517 and backpack #524

Any one of M-ROCK's medium bags

#505, 506 & 507

attach to the left and right side of The Modular Belt #530
